## RUSSIA PLANNING TO SEND BIG ARMY ACROSS ROUMANIA

WITH NEGOTIATIONS WITH GREECE HAVING BEEN  
SATISFACTORILY ARRANGED, ENTENTE ALLIES  
NOW CENTER ATTENTION UPON ROUMANIA.

Russian New Campaign in Balkans to be Launched at Once—Nothing Important Accomplished in Serbia. Vigorous Battle for Gorizia Continues and Early Fall of that City which is Called the Key to the Austrian Defense in the North, Appears Imminent—Italians Also Claim Advance on Carso Plateau—Heavy Snows Have Stopped Fighting in the West—Petrograd Reports Sinking of German Protected Cruiser Frauenlob by Allied Submarine in Same Locality Where German Cruiser Undine was Recently Sunk—No Official Report of the Capture of Gorizia by Italians Had Reached London up to Noon Today.

London, Nov. 26.—The Russian-Roumanian diplomats today are reported conferring over the passage of Russian troops through Roumania on their way to enter the Balkan campaign, and the indications are that the Russian new campaign will be launched immediately.

Greece's status having been settled, the chief attention now centers upon Roumania and her situation is expected to mature rapidly, especially because of the large Russian forces concentrating on her border. It is believed that the presence of these forces will offset any efforts Germany has made in Roumania.

No important achievements have been reported on either side in Serbia.

No official report had reached London at noon of the capture of Gorizia by the Italians, but the fall of this city, which is called the key to the Austrian defense in the north, is regarded as imminent. It has been the Italian objective for many months.

The heavy snows have stopped the fighting on the western front.

**Still Battle for Gorizia**  
Rome, Nov. 26.—An official statement says that on the heights northeast of Gorizia, the battle continued vigorously yesterday. The Italians have occupied extended ground on the Calvario crest, by storming fresh trenches. They also advanced on the Carso plateau between Boshini and Peteano, and south, and toward San Martino. On Carnia there were artillery duels between Adice and Brentau.

**German Cruiser Sunk**  
London, Nov. 26.—It is semi-officially announced from Petrograd that the German protected cruiser Frauenlob was sunk by an entente submarine in the same locality where the German cruiser Undine was recently lost.

**Italy Lands Troops**  
Petrograd, Nov. 26.—Excellent sources here say that Italy is landing troops at Avlona, Albania.

**Kitchener Now in Rome.**  
Paris, Nov. 26.—The Havas Agency says, Lord Kitchener has arrived in Rome.

**Cordial Relations Again.**  
London, Nov. 26.—Cordial relations between Greece and the entente powers have been established with the Greek government's assurances that no attempt will be made to interfere with the allied troops should they under any contingency be forced to cross the Greek frontier and that, as heretofore, railway and other facilities will be afforded them.

That the assurances and the guarantees are satisfactory to the allies

**WEATHER FORECAST**  
New Orleans, La., Nov. 26.—The weather forecast for Oklahoma for tonight is fair; Saturday fair and warmer in the eastern portion.

is shown in the fact that Greek grain ships which have been held up at Malta have been allowed to proceed to their destinations, relieving the shortage of bread supplies if their detention had been prolonged. It is understood that the allies have promised a monetary indemnity after the war for any damage which might be done through the occupation of Greek territory.

With this burning question out of the way the British public has centered its interest upon the attitude of Roumania and the intervention of Russia. It is well established that Russia has concentrated a great army near the Roumanian frontier and dispatches state that a large number of heavy guns have arrived at Odessa from Japan for its use. However, the direction in which this army will move will be dictated by the policy the Roumanian government adopts.

Berlin shows some uneasiness, but beyond that and the statement of the Roumanian premier, M. Bratiano, that the relations between Russia and Roumania were never better there is nothing to go on.

## KICK OF HORSE WAS FATAL TO YOUNG MAN

SAM BECK, ORPHAN BOY AND  
HARD WORKING WAS VICTIM OF  
VICIOUS SADDLE HORSE MON-  
DAY AFTERNOON.

Sam Beck, aged 22 years, who has been to work for a number of years, was kicked in the abdomen by a saddle horse Monday afternoon and after lingering until yesterday afternoon, died.

The young man was attempting to saddle horse when he received the injury. He is survived by two brothers who were summoned from their home at Fort Worth. The remains were buried at Rose Hill cemetery yesterday.

Mr. Beck was a hard working, industrious young man and his death is a distinct loss to this community.

## COTTON JUMPS UPWARD TWO DOLLARS BALE

ESTIMATES OF SMALL CROP AND  
IMPROVED INQUIRY FOR AC-  
TUAL COTTON CAUSED PRICE  
TO SOAR.

New Orleans, La., Nov. 26.—Cotton advances almost two dollars a bale here today, on account of the small crop estimated and the improved inquiry for actual cotton.

A heavy business was done.

Mr. and Mrs. Will Davis who spent Thanksgiving in Gainesville, returned last night.

Mr. Rundles was second, paying \$3.80 for a box. Mr. Eaves and Mr. Maers purchased the greatest number of boxes, and suggested that the contents be spread out picnic style, and all invited to partake thereof, thus increasing the good feeling.

Much laughter was enjoyed at Mr. Eaves' expense when it was found that one of his boxes contained a piece of bacon, a dill pickle, and a piece of corn bread.

This was a joke of some boy and brought to the fund two dollars and fifty cents. Forty-three dollars and ninety cents was raised, to which Mr. Rundles contributed \$1.00.

## CASE LOOKS LIKE ONE OF SUICIDE

YOUNG MAN APPARENTLY ENDS  
HIS OWN LIFE WITH A PISTOL.  
SOUTH OF THE CITY, WEDNES-  
DAY NIGHT.

Oscar Burns, a young man 20 years of age shot himself fatally Wednesday night, while en route to his home southeast of the city.

The nature of the wound created some suspicion as the bullet entered the head behind the right ear and might have been caused by another party. His brother who was with him at the time, stated that the line of the harness became entangled and when deceased descended from the wagon to loosen it, drew the pistol and shot himself.

Constables Sigler and Glover visited the scene and pronounced it a case of suicide, but a coroner's jury has been summoned by Justice Butcher, to pass upon the case tomorrow.

The young man was the one who shot his father fatally about two years ago, and has been implicated in other troubles.

## THANKSGIV- ING PASSED OFF QUIETLY

GOLF AT THE COUNTRY CLUB  
AND WOODS FULL OF HUNTERS  
—WAS A DAY FULL OF PLEAS-  
URE FOR ALL.

Thanksgiving Day was generally observed quietly in Ardmore yesterday and there was nothing to mar the sentiment of the day.

The weather was ideal and the union services at the Baptist church were well attended, and an inspiring address was made by Rev. C. C. Weith, of the Presbyterian church.

The streets of the city were almost deserted, but the woods were full of hunters, and the theaters did a splendid business, both afternoon and night. Many homes observed the usual custom of entertaining, and turkeys were at a premium at the close of business hours the night before.

Out at Dornick Hills the day was especially enjoyed by those who chased the elusive balls, and the tournament scheduled for the day was pulled off without a hitch, unless the losing ones thought there was some hitch because of the results. Altogether there was in the air a real feeling of thanksgiving prevailing and sincere appreciation of prosperity, peace and thankfulness to a benevolent creator was in evidence on every hand.

## CONGRESSMAN EXPRESSES HIS VIEWS ON ROADS

VOLUNTARY CONTRIBUTION IS  
QUICKEST WAY TO GET PER-  
MANENT HIGHWAYS THROUGH-  
OUT STATE.

Expressing a view that if the people of Carter county waited for taxation to build its roads, that permanent roads are still in the future, Congressman Charley Carter suggests a plan whereby the roads can be built in every direction by voluntary contribution.

"I believe that every automobile owner in the county would subscribe liberally to the undertaking if macadamized roads were promised," he said, "and with practically five hundred autos at an average of \$100 each divided into ten monthly payments, fifty thousand dollars could be raised with considerable ease within sixty days. I have been assured that Carter county can get enough convicts to build the roads and the cost of material, supervision and expense of bringing convicts here is all that is necessary and the free labor would cut the cost down very considerably. Carter county has sufficient material in every direction that could be secured at nominal cost, and in many instances might be gotten for the hauling away. If I am able to attend the meeting of the Automobile club, I shall advance this idea. I have already talked about it to several prominent owners here, and have had expressions which lead me to believe that exceptionally liberal subscriptions can be gotten from some sources if the other owners will do their share and I think that with few exceptions they all will."

It is expected that the matter will come before the club at the meeting this afternoon.

## THIEVES WORK IN NORTHEAST PART OF CITY

STEAL AUTOMOBILE AND BREAK  
INTO STORES — ONE CITIZEN  
EMPTIES GUN AT THEM WED-  
NESDAY NIGHT.

Thieves are working the northeast part of the city and several stores and residences have been entered recently with more or less success by the midnight marauders. Wednesday night the automobile belonging to Rev. Lampton was taken by a bunch of boys, and later found in the northwest part of the city, a trifle the worse for wear. The store of Walter Lawson was entered Wednesday night and had it not been for a neighbor who was returning home, who opened fire on the thieves, they might have looted the place, as they already had gained entrance when he began shooting.

The officers are doing their best to apprehend this bunch of crooks, who have been operating here for several days, and an example will be made of the first one captured which will cause the others to pause.

People are becoming watchful, and night prowlers are liable to be shot, if they persist in invading the premises of their neighbors after night-fall.

## CHECKING UP COUNTY TREAS- URER'S BOOKS

FINDS HIM \$1.80 TO THE GOOD AF-  
TER TAKING STOCK OF LAST  
YEAR'S BUSINESS. PRAISES EF-  
FICIENCY OF LOCAL OFFICE.

J. R. Nicholson, assistant state examiner and inspector has been in the city for several days, checking up the office of the county treasurer, and after an exhaustive examination of the books and records, was compelled to report that John Yell, the county treasurer, was \$1.80 long in his accounts, and that the affairs of the county were conducted in a manner as to be a model for other treasurers of the state.

John says he must have done some short changing during the past year, to be ahead of the game to the above amount, but if anyone can show where they are \$1.80 out, he will gladly refund.

Mr. Nicholson praised the efficiency of the treasurer's office and paid tribute to the business-like manner in which the finances of the county were handled by Mr. Yell.

## VILLA OFFICER SENDS REGRETS TO NOGALES

Bunnell was a money lender and transacted business with Kaw and Osage Indians. The two men quarreled March 29, and during an argument Eads struck Bunnell on the head with a hoe. Bunnell recovered after a time, but took a backset and died after an operation was performed on his head. His death occurred June 30. The jury was out five hours after a trial lasting four days.

## 13 KILLED BY CYCLONE AT HOT SPRINGS

SCORES INJURED, MANY OF  
WHOM WILL DIE — PATH OF  
STORM WAS THROUGH THICK-  
LY SETTLED DISTRICT.

Little Rock, Ark., Nov. 26.—Eleven white persons and two negroes were killed in the tornado in the outskirts of Hot Springs yesterday. Thirty homes were demolished and twenty persons injured.

Hot Springs, Ark., Nov. 25.—Seven white persons and four negroes were killed and scores of others were injured in a tornado that swept through the thickly settled farming country just east of Hot Springs this afternoon. Many of the injured probably will die.

It is practically certain that others are injured or dead as the relief parties were forced to suspend their work by darkness.

All the dead and injured are farmers, their families and employees. The dead:

MRS. GEORGE TANNER.  
MRS. PAUL CANADA.  
MRS. A. J. CROWDER.  
THREE CROWDER CHILDREN.  
HAYDEN POE.  
BROOKSIE DAVIS, Negro.  
THREE NEGRO CHILDREN, unidentified.

Most of the dead were killed in the ruins of their wrecked homes. Mrs. Crowder and her three children were killed when their home collapsed. Mrs. Tanner met instant death when a scantling was driven through her head. Mrs. Canada's head was severed from her body by flying timbers from the wreck of her home. Poe died in a Hot Springs hospital from his injuries.

A man employed at the farm of Carl Hurlbert is missing. The tenant house in which he lived was demolished, and it is believed his body is in the ruins. Mrs. Pate Hite is in a Hot Springs hospital and is believed to be fatally injured.

The handsome \$20,000 country house of W. H. Maurice was demolished and the club house of the Hot Springs Country club greatly damaged.

The tornado could be plainly seen from Hot Springs. A funnel shaped cloud dipped low toward the earth and its roar could be heard in this city.

Practically every physician in the city joined the relief expeditions that were hastily fitted out. They worked until darkness compelled them to stop. Owing to the wide area of the district that was swept by the storm and the poor roads they were unable to cover the entire district.

The work will be resumed at day-break.
